Notes (1)

Valeriy Gennadyevich Boyarinev has been the first deputy director of the Federal Penitentiary Service of the Russian Federation since 4 July 2022. He was appointed by decree of the President of the Russian Federation. Under his command, a widespread and systematic pattern of torture has been established in the Russian penitentiary colonies, including the prison colony where Alexei Navalny was detained. That pattern includes deprivation of medical care, beatings, extensive periods of solitary confinement, deprivation of food and injection with unknown substances. In his position as First Deputy Director, Valeriy Gennadyevich Boyarinev personally gave the orders to limit the amount of food Navalny was allowed to buy during his stay in penal colony IK-6 in Vladimirskaya Oblast. Three days after the death of Navalny in a penitentiary colony under his supervision, Boyarinev was promoted to Major-General of internal service by presidential decree. Therefore, Valeriy Gennadyevich Boyarinev is responsible for serious human rights violations, including torture and other cruel, inhuman or degrading treatment or punishment, arbitrary detentions, and the systematic violation of freedom of opinion and expression.
