Notes (1)

Kirill Sergeevich Nikiforov is a judge of the Kovrov City Court, which rejected the lawsuit of opposition leader Alexei Navalny against IK-6 to appeal against his transfer to a punishment cell for 12 days. While serving time in IK-6, officials regularly placed Alexei Navalny in a punishment cell for alleged minor infractions. Consequently, he spent months in isolation leading to a significant deterioration of his health. Therefore, in his position as a judge of Kovrov City Court he is responsible for serious human rights violations in Russia, including arbitrary detentions as well as torture and other cruel, inhuman or degrading treatment or punishment, as well as the violation of freedom of opinion and expression, which is of serious concern as regards the objectives of the common foreign and security policy set out in Article 21 TEU.
