Identification documents (3)

Type	Entity Type: Investment. Private
Type	Phone Number: Telephone: 6668114/5 Telefax: 6620317
Type	Entity Subsidiaries: Bena Properties (subsidiary), Cham Holding Building, Daraa Highway, Ashrafiyat Sahnaya Rif Dimashq, Syria, P.O. Box 9525. Higher Institute for Applied Sciences and Technology. HISAT. National Standards & Calibration Laboratory. NSCL

Notes (6)

The Scientific Studies and Research Center (SSRC) is the Syrian regime's principal entity for the development of chemical weapons. The SSRC is responsible for the development and production of chemical weapons, as well as the missiles and artillery to deliver them, operating at a number of sites in Syria. Provides support to the Syrian army for the acquisition of equipment used for the surveillance and repression of demonstrators. Operating in the chemical weapon proliferation sector, it is the government entity responsible for developing and producing non-conventional weapons, including chemical weapons, and the missiles to deliver them.

There are reasonable grounds to suspect that they are an involved person under the Syria (Sanctions) (EU Exit) Regulations 2019 because they are or have been involved in activities carried out on behalf of the Assad regime, implementing, or connected to the repressive policies of that regime. In particular, carrying on prohibited activities related to chemical weapons in Syria.
