Notes (1)

Dmitriy Andreevich Artyukhov has been the Governor of the Yamal-Nenets Autonomous Region of the Russian Federation since 29 May 2018. Under his government, a widespread and systematic pattern of torture has been documented in penitentiary colonies, including the colony where Alexei Navalny was detained, across the region. That pattern includes deprivation of medical care, beatings, extensive periods of solitary confinement, deprivation of food and injection with unknown substances. Meetings between Dmitriy Andreevich Artyukhov and the head of the penal system demonstrate an awareness and condonement of those practices by the regional government and demonstrate the close cooperation between the regional government and the penitentiary service. In his position as Governor of the Yamal-Nenets Autonomous Region, Dmitriy Andreevich Artyukhov has supported and been involved in serious human rights violations in Russia, including torture and other cruel, inhuman or degrading treatment or punishment, arbitrary detentions and the systematic violation of freedom of opinion and expression.
