Notes (1)

IK-3 is a penal colony in the Russian correctional services, which is run by Vadim Kalinin. As part of the Russian penal system, it is under the authority of the Ministry of Justice of the Russian Federation. The IK-3 penal colony is known for exerting physical and psychological pressure, full isolation, torture and violence on prisoners as well as the poor quality of medical services. Alexei Navalny, who was held in the IK-3 penal colony from 25 December 2023 until his death on 16 February 2024, suffered abuse in the IK-3 penal colony, including through solitary confinement in a punishment cell and cruel, inhuman and degrading treatment, leading to the severe deterioration of his health and his eventual death. The IK-3 penal colony is therefore responsible for serious human rights violations in Russia, including torture and other cruel, inhuman or degrading treatment or punishment and the systematic violation of the freedom of opinion and expression.
